COMMITTEE AND STAFF COMMUNICATIONS

- A. TESLA Supercharger- Continuing to work with TESLA. To install Charging stations behind DVP
- B. Surfers Point – Charging 1.00 per hour 9:00 a.m. - Closed Weekdays 8:00 a.m.- Closed Weekends. We plan to have it in by the end of February.
 - a. Enforcement Schedule will be determined by the VPD
 - b. A date has been set for Council action to direct fees generated from Surfers Point lot to the Parking District on March 22.
 - c. The Park Ambassadors will not conduct any enforcement in the Surfers Point lot.
- C. Main St. Closure -Extended to January 7, 2021
- D. Mission Park Parking Project Update
 - a. The project will probably go out to bid in mid to late April and will be built to span the June-July time period so that it spans both Fiscal Years. Much of this timeline delay is due to our existing funding situation. Once we received the news of the \$470k debt payment we were concerned with the amount of cash that would be available at the end of the fiscal year and future years. As you see in the latest set of forecasts, we will be negative by the end of this fiscal year. Now that Main St moves is pushing to a permanent setup, we will need to figure out how to deal with the lost parking revenue and where to expand to. Once the amount of traffic returns to downtown, we will not have enough parking available because of the footprint of Main Street Moves.
- E. Parklets DVP is going to try to get council to implement parklets in the downtown. Restaurants want to start the process to secure permission/lease agreements to use the parking stalls outside their front doors for dining and/or a walking path once the street is reopened. This may be on hold since the closure is extended to January 7, 2021
- F. Downtown Parking Study and Mobility Action Plan Update -Long Term-On Hold
- G. Downtown Parking Structure Update –Palm St/ Santa Clara St -On Hold
