Corporate Games coordinators meet on December 8 at City Hall

Coordinators for the Ventura Corporate Games are invited to meet on Thursday, December 8, at 6:30 pm at Ventura City Hall, 501 Poli Street, in the Community Meeting Room. New and returning team coordinators are encouraged to attend this meeting to learn about the Corporate Games' latest developments and share tips on how to improve individual and team performances for next year's competitions.

"The coordinators' meeting is a great opportunity for new companies to get their questions about Corporate Games answered and begin the process of registration," said Corporate Games founder Eric Burton, Adult Sports Supervisor for the City of Ventura.

Registration is ongoing until February 10 for the 28th annual Corporate Games scheduled for March 25 to May 6, 2017. The Corporate Games is SoCal's premier business-to-business competitions in which companies of similar size compete for individual player Olympic style medals and team trophies in 26 events held over six weeks.

"The Games are THE fun way to build your staff's team spirit," continued Burton. "They also make a lasting investment in your company's most important resource – your staff. Won't you join us this year and give your employees the benefits of improved fitness, productivity and unity?"

Last year over 80 companies participated with the Overall Team Trophy going to County of Ventura (Division AA), Oxnard Police Department (Division B), Northrop Grumman (Division C), and Aerotek (Division D). The JD Probasco Team Unity Award winners last year included: Amgen, Teradyne, Parker Hannifin and DK Electric.

The Corporate Games is sponsored by: AECOM, Amgen, Brighton Management, The Cheesecake Factory, Community Memorial Health System, County of Ventura, Jano Graphics, Limoneira, Parker Hannifin, PTI Technologies, Trade Desk, SAGE Publications and Ventura County Credit Union.
