Victoria Ave. near Telephone Rd. Before the officer could initiate a traffic stop, the driver later identified as Devin Pro, stopped the vehicle in the middle of the road and got out.

The officer immediately recognized that Pro was showing signs of being under the influence of a controlled substance. To keep him from getting back into the vehicle and risk the public's safety, the officer attempted to detain him. Pro started to resist and after a brief struggle with the officer, the officer deployed his taser. This had no effect on Pro and he began to flee on foot. As another officer arrived on scene, Pro was caught and taken into custody.

After being medically cleared, Pro was booked into the Ventura County Jail for felony resisting arrest and driving under the influence of a controlled substance.

At approximately 0741 hrs, the Ventura Police Department Command Center received a call from a resident in the 1100 block of E. Santa Clara St., reporting a nude male walking near Lincoln Elementary School.

Officers arrived on scene and contacted the suspect, later identified as Kristopher Rodi. Rodi was showing obvious signs of being under the influence. He was taken into custody without incident and later booked into Ventura County Jail for being under the influence.

All three suspects were found to know each other and had taken an undisclosed hallucinogenic drug. The vehicle Pro was found to be driving belonged to Goodrich.

No officers were injured as a result of any of these arrests.
