Explore, discover and create this fall; registration for City of Ventura classes and programs now open

Fall is a great time of the year to explore, discover and create through the programs and classes offered in My Ventura, the City of Ventura's comprehensive recreation guide. Registration for classes is now open; residents and businesses will receive the publication in their mailbox this week. Browse the new recreation guide online at <http://www.cityofventura/recreation> and pick-up a copy or sign-up for classes at the Parks, Recreation & Community Partnerships Department at City Hall, 501 Poli Street, Room 218 or by calling 805-658-4726, Monday-Friday 8 am-5 pm (closed alternate Fridays).

In addition to the traditional educational and recreational classes offered by the City, individuals and families can explore new interests such as bus and walking tours to various Southern California locales. Participants can also discover the unique stand-up paddle glow light tour in the Ventura Harbor or take part in creative classes including pottery, music, dance and social activities for all ages.

"Our Parks, Recreation, & Community Partnerships staff has outdone themselves this year with our offerings of classes and programs in the fall guide. We encourage our residents to get out and explore our parks, discover a new hobby, and create a lifetime of memories with friends and family. We look forward to seeing all members of our community come together to enjoy all that fall has to offer in Ventura" said Parks, Recreation and Community Partnerships Director, Nancy O'Connor.

The 670 classes and programs in the My Ventura recreation guide are offered through the City's Parks, Recreation and Community Partnerships Department. Classes are held at facilities throughout the city and out of town locations. Please make sure to register early; some classes fill up fast. Residents can also stay active by visiting Ventura's parks system that includes more than 800 acres of parkland and facilities serving various interests from sailing, surfing, tennis, dog parks, league sports, skateboard parks, playgrounds and picnic areas.
