Ventura City Fire Department responded to a reported structure fire at a mobile home park in East Ventura. The first arriving unit discovered smoke and flames issuing from the subfloor area of a residential coach. Crews quickly forced entry into the involved area and extinguished the fire. The fire was found to be in the exterior subfloor area of the coach extending into the interior. Quick extinguishment efforts by Firefighters stopped the forward progress of the fire.

The uninvolved area of the coach was investigated for extension of the fire with none found.

The cause of the fire is under investigation.

The damage is estimated at \$10,000 to structure and \$500 to contents.

No injuries were reported on this incident.
