Narrative:

On May 6, 2015 at 11:48 AM, the Ventura Street Crimes Unit Detectives observed a suspicious occupied vehicle in the area of Victoria Ave and Telephone Rd.

A records check of this vehicle confirmed that it had been recently reported stolen out of the city of Garden Grove. The detectives followed this vehicle as patrol units responded to assist.

The patrol units caught up with the stolen vehicle at the intersection of Telephone Rd and Kimball Rd where they initiated a high-risk traffic stop. The driver, later identified as Miguel Diaz, was taken into custody without incident. Traffic in the area was diverted onto northbound Kimball Rd for several minutes until the officers determined that there were no other occupants in the vehicle.

The investigation determined that Diaz had been driving the stolen vehicle for several days and he was also found in possession of narcotic paraphernalia and burglary tools.

Diaz was transported and booked into the Ventura County Main Jail. The stolen vehicle was impounded pending notification of the registered owner.
