On the above date and time a citizen called the Ventura Police Command Center to report a burglary in progress at the Boost Mobile Store. The caller told dispatchers that the suspect (described above) had just smashed out the front window to the business, entered, and was now exiting. While the caller was still on the phone and police officers were being dispatched, the suspect was seen getting into an awaiting vehicle described as gold Dodge Intrepid. The suspect vehicle fled southbound Ventura Ave. then eastbound on Kellogg St.

A patrol officer arrived on-scene quickly and confirmed that a burglary had just occurred at the business. A large panel of glass next to the front door was broken and several glass display cases were broken in the interior of the business. Additional officers searched the area for the suspect and the vehicle, but neither was located. The manager of the business was contacted and arrived a short time later. The manager confirmed that there were several items missing from inside the smashed display cases.
