

## Help **Globie** and **Drippy** find their way through the watershed.

A watershed, also called a drainage basin or catchment basin, is an area of land that drains into a common water body. Our watershed, the Ventura River, goes all the way to the ocean!

In the box below, write all the places that they visit on their way from the Mountains to the ocean.

Mountians  
Forest  
Trees  
Roadways  
Streets  
Rivers  
Lakes

Homes  
Factories  
Beaches
