

## Help **Globie** and **Drippy** find their way through the watershed.

A watershed, also called a drainage basin or catchment basin, is an area of land that drains into a common water body. Our watershed, the Ventura River, goes all the way to the ocean!

In the box below, write all the places that they visit on their way from the Mountains to the ocean.

# What a Journey!

**Globie** and **Drippy** made their way through the watershed, but they need help finding their words!

**Search up, down, forward, backward, and on the diagonal to find the hidden words listed!**
