## MARION CANNON PARK

Hey Ventura!

We challenge you to find as many items on this scavenger hunt list as you can.

Have FUN and be sure to follow all safety guidelines.

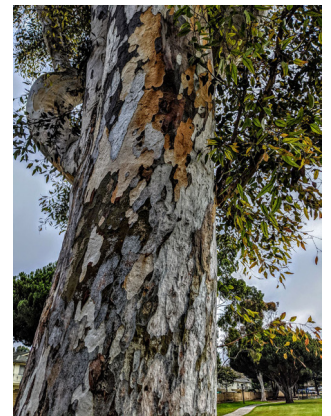

Can you find everything on this list?

- Park Dedication Plaque
- California Sycamores
- Lemon Eucalyptus Tree
- Eucalyptus Tree with Colorful Bark

For an added challenge and some extra family fun, can you find answers to all of the questions below?

- What street is this park located on?
- Can you find the park dedication plaque from 1983?
- Marion Cannon has two species of trees with very unusual bark. One is the California Sycamore. Can you find them planted at the front of the park? They are identified by their broad, green leaves. The wood from these trees is valuable in making musical instruments. How many musical instruments can you name?

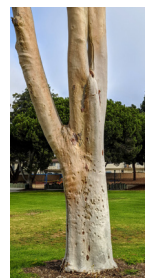

• Can you find this tree?

Can you find any other trees in the park that have unusual bark or shapes?

• Do you see all the leaves on the ground? Collect as many as you can and use them to create a cool design.

- Walk the path around the park. How many of these trees can you find?
