Liz –

I see what the issue with this email is, the City doesn't have an email address that you are using. Instead, we have a form that you can complete – that form is located at www.cityofventura.ca.gov/publicinput When you complete the form, the email is then sent to City Clerk for providing to Council.

We will include your email in the supplemental that we are posting today to cover all input received after 4 pm yesterday.

Dear Mayor Rubalcava; Council persons and madam clerk.

Please enter the following email into the public record of tonight's city council meeting.

Regarding agenda item 13A: The westside community council supports the staff recommendation extending the interim urgency ordinance for accessory dwelling units.

Regarding Item 13A, under staff recommendations at part a. The Westside Community Council supports and encourages creation of the gen plan advisory committee as a 19 member panel.

Regarding the remediation of toxic soil at 1555 N. Olive Street, not on tonight's agenda. Because EPFoster elementary School, The Boys & Girls clubs facility, and a very densely populated adjacent neighborhood will be heavily impacted by the work bring proposed, we encourage you to take charge of the discourse on this project by holding a public hearing on the matter or by formally requesting the state agency and gas company hold a public hearing so all community members affected have an opportunity to understand the project and to voice their concerns.

Thank you for considering our concerns

Elizabeth Campos
Westside Community Council Chair, 2021.
