**Subject:** -EXT- Marijuana

Hi,

Just wanted to give my two cents on this issue. My understanding that there is discussion allowing Marijuana to be within 600 feet of schools where as cigarettes and alcohol needs to be 1000 feet from schools.

I would warn the city counsel that in my practice seeing pediatric patients everyday, I see the continual what i call the 'benignification,' and I can tell you for sure that our children are suffering from the integration of Marijuana in their everyday life. I have families and patients are having this drug rip their families apart.

Please keep in mind that prosecution of people who have possession of marijuana or use of marijuana is one thing, but allowing it near our children or the schools is not acceptable either.

Written Comments	As a member of the community, we are in support of the recommendation to Adopt a responsible Cannabis Ordinance. This community will benefit from the tax dollars that are already going through with no ability to enhance the city. As the state has already legalized the commercial sale, now illicit cannabis businesses can disappear along with the sale of minors and

violence. We will be support all members of this city in  
opposition and support, to participate in a Cannabis program  
that can regulate responsibly and protect citizens. - C Street

**Subject:** -EXT- schools should have a 1,000 ft buffer from cannabis businesses

This is a serious problem. Don't allow them close to schools
