Honorable Mayor, Vice Mayor and Council.

Please always ensure that our mother is kept healthy and that all her children and offspring have access to her for their own healing needs.

We are all our own animal, us wild and talking beings whose traverse over the silent earth and through growing gardens affirms and connects us to our origins where we find peace and fulfillment of our simple needs.

Please allow us to build footpaths around and throughout our beautiful home where we may all have access to our mother's embrace where we are free to be the child our mother bore to practice taking our own responsibility.

To aid in this endeavour it would be best to have the City set up a Community Service Corp for us or our parents to register us.

Sincerely,

Trevor Gotsman
