VYBA COACHING

Ventura Youth Basketball Association

The VYBA program relies on the use of volunteer coaches. Volunteering to coach a VYBA team can be a rewarding experience and is a chance to actively get involved in your son or daughter's basketball experience. No experience is necessary! The overwhelming requirement for a coach in our program is the desire to give the KIDS a fun enjoyable experience! Coaches determine the practice days, times and location. Volunteering to coach is a commitment that is well worth it!

Coaches must successfully complete:

- A coaches application
- Live scan (fingerprinting) performed by Ventura Police Department
- Supplemental questionnaires
- ALL coaches must attend one MANDATORY coaches meeting on either one of two dates – November 2 or 5.

Please check the box(es) that you would like to receive information on regarding coaching strategy:

- Offense Defense Press Break Drills

If you are reluctant to coach, VYBA will assist in any way possible to make your first year memorable. Please do not hesitate because you have never coached before, VYBA is a great place to start! Contact: vyba805@gmail.com
