Why your company should be a sponsor of 2017 Corporate Games

The financial support of new and returning sponsors is vital to the Corporate Games' success in reaching over 10,000 employees from almost 80 companies, large and small, in the tri-counties, as they engage in over 30 events during six weeks of friendly competition.

Organizations taking part in "The Games" show increased productivity, teamwork and fitness among their employees who participate. Many businesses sign up year after year and have made this premier business-to-business sports competition an integral part of their company's wellness culture as a fun way to build their team and provide its members great health benefits.

As we prepare for the 28th year of Corporate Games, we hope your organization consider joining our family of sponsors at one of four levels: Event (\$2000), Bronze (\$3000), Silver (\$4000) or Gold (\$6000).

Our sponsors are truly appreciated and we offer them an array of promotional benefits at every level – including a their own thank-you "ad" recognizing their contribution and support for the community – in the 2017 Corporate Games program book distributed to over 250 company coordinators and executives.

Please take a look at last year's program book, as well as our individual and "benefits-at-a-glance" sponsor agreements found online at www.cityofventura.net/corporategamees. Sponsor commitments are due by November 18 .

Please contact me with any questions at 805/677-3917 or ljohnson@cityofventura.net. I hope to hear from you before the deadline. Please send signed agreements to the address below.

Sincerely,
Laura Johnson
