Written Comments	I strongly request that the City of Ventura re-opens to issue building permits IN PERSON and do not make us jump through the online hoops. Prior to COVID shutdowns, contractors could obtain SAME DAY reroof permits and our crews could keep working. However, once a reroof permit is submitted, per city emails, it could take up to 15 Days from start to finish to get a reroof permit. Its hard enough to keep our crews running during this current state, but making contractors wait up to 15 days if

there is a backlog on the City's end is not acceptable. Please allow us to come in person again and open the permit counter to accept in person, same day reroof permits and other building permits.
