FIRE PREVENTION FEES		

- (5) Fee includes research and up to two inspections or three inspection attempts (site visit, phone call or email, and site visit. Fire Clearance Inspections include Business License related Fire Clearance Inspections and other inspections of occupancies not included within other Fire Department inspection fees. Additional costs to be recovered at staff hourly rate.
- (6) Each fee listed in this schedule is based on the estimated number of hours required to perform a standard service request. The standard number of hours estimated can be calculated by dividing the fee amount by \$177, the Division's fully-burdened hourly rate. For example, a fee amount of \$354 assumes roughly 2.00 hours will be required to perform a standard request for the fee related service. Review and inspection efforts that exceed the standard number of hours used to calculate the fee by more than one hour will be billed hourly for any time spent in excess of the standard hours built into the fee.
- (7) Inspection outside normal work hours will require hourly fees in addition to other required fees.
- (8) Planning submittals for fire review and related correspondence, meetings, etc. may be charged for at hourly rate during the construction plan review.
- (9) Non-compliance penalty fee or citation may also be issued for properties found to be non-compliant upon re-inspection.
- (10) For re-inspections in excess of those covered by other fees - see above footnotes.

CITY OF VENTURA

MASTER FEE SCHEDULE

Schedule of Well and Groundwater Conservation Fees

WELL AND GROUNDWATER CONSERVATION FEES

Fees Reflected in This Schedule are Payable to the County of Ventura. The County Administers the City's Well and Groundwater Conservation Program. Fees reflected in this schedule are intended to mirror the fees adopted by the Board of Supervisors of Ventura County for these services. For Details of Fees and Paragraph References Refer to Ventura County Well Ordinance No. 4184, Ventura County Ordinance Code Section 4821, and Resolution No. 15-051.

The fee for processing a permit to construct, repair, modify or destroy a well issued pursuant to Section 4813 of the Ventura County Ordinance Code shall be as follows:

- 1.a Except as otherwise provided in subparagraphs (c) and (d), for permits relating to water wells, cathodic protection wells, monitoring wells and engineering test holes inspected by the County inspector, the fee shall be \$750 for the initial well plus \$115 for each additional well which is located on the same site and is perforated or sealed on the same day the initial well is perforated or sealed.
- 1.b Except as otherwise provided in subparagraphs (c) and (d), for permits relating to monitoring wells and engineering test holes inspected by the applicant's registered inspector, the fee shall be \$390 for up to four wells on the same site plus \$50 for each additional well which is located on the same site.
- 1.c Except as otherwise provided in subparagraph (d), for permits solely to increase the depth of an existing and unabandoned well for which all earlier construction, repair or modification work has been pursuant to and in compliance with permits issued under Section 4813 of the Ventura County Ordinance Code, the fee shall be \$370 for the initial well plus \$85 for each additional well on the same site.
- 1.d For permits specified in subparagraphs (a), (b) and (c), where work for which the permit is required has commenced before submittal of the permit application, the fee shall be double that otherwise specified in those subparagraphs. It is estimated that such late permit applications cost on the average, twice as much to process as the timely applications for the same permits. This double fee is imposed not as a penalty but to recover the estimated additional costs incurred in connection with such late permit applications.
- 1.e For annual permits relating to engineering test holes inspected by registered inspector(s), the fee shall be \$635 per year per company.
- 1.f If a County inspector is required to be at a well site in the performance of an inspection of any completion operation, as defined in Section 4812 (d) of the Ventura County Ordinance Code, in excess of two working days, the fee shall be increased by \$245 for each working day or portion thereof in excess of the initial two working days.
- 2 The fee for processing an application to extend a permit pursuant to Section 4813 (E) of the Ventura County Ordinance Code shall be \$30.
- 3 No fee shall be charged for processing an application for approval of a registered inspector, as defined in Section 4812 of the Ventura County Ordinance Code; provided, however, that approval shall be subject to such terms and conditions as the Director of the Ventura County Public Works Agency may deem reasonably necessary to ensure the registered inspector's competence and responsibility.
- 4 No fee shall be charged for processing an application for registration with the Department pursuant to Section 4813 (G) of the Ventura County Ordinance Code.
- 5 The fee for processing a Certificate of Exemption issued pursuant to Section 4820 of the Ventura County Ordinance Code shall be \$120; provided, however, that no fee shall be charged for processing such a certificate respecting a well which is monitored annually by the Ventura County Public Works Agency or the United Water Conservation District.

MASTER FEE SCHEDULE

Schedule of Parks and Recreation Fee Based Program Cost Recovery Targets

PARKS AND RECREATION FEE BASED PROGRAM COST RECOVERY TARGETS

The seasonal nature and changing demand levels for fee related activities offered by the Parks and Recreation Department make it impractical to list all user fees imposed by the Department as part of this fee schedule. Instead, the Department publishes schedules of programs and service offerings that can be updated at the discretion of the Department Director to account for changes in fees and program offerings throughout the year.

The Department targets recovery of the following costs when setting fees for programs, classes, and activities it offers:

Program Area	Individual Program Area Internal Cost Recovery Target
1 Adult Sports	100% of All Program Costs
2 Aquatics	100% of All Program Costs
3 Community Garden	100% of All Program Costs
4 Corporate Games	100% of All Program Costs
5 Golf	100% of All Program Costs
6 Cultural Arts Classes	75% of All Program Costs
7 Facility Rentals	75% of All Program Costs
8 July 4th Street Fair	75% of All Program Costs
9 Recreation Enrichment Programs	75% of All Program Costs
10 Sailing and Kayaking	75% of All Program Costs
11 Children's International Arts Festival	60% of All Program Costs
12 Outdoor Interpretive Programs	60% of All Program Costs
13 Recreation Classes	60% of All Program Costs
14 Youth Sports	60% of All Program Costs
15 Historic Programs and Sites	50% of All Program Costs

* Program costs include all departmental direct and indirect labor and services and supplies, including departmental administration expenses. Program costs exclude estimated citywide overhead, and portions of certain maintenance related expenditures (e.g. pool facility repair and replacement).
