How to Ensure Your Student Film/Photography Production is a Success

1. To film on City property (streets/sidewalks/pier/promenade/parks) and private property within the City of Ventura, you must complete and return a Film/Photography Application to the City of Ventura Film Permit Office along with a \$50 non-refundable application fee. Applications should be submitted a minimum of 15 business days for film/photography events that do not require City staff services (traffic control, street closures, fire inspections, posting of "No Parking" signage). Applications requiring additional staff services such as police, fire, or film permit oversight should be submitted at least 20 business days prior to the film/photography event. This timeframe allows the permit staff to receive all necessary City of Ventura department approvals associated with the planning and execution of the event. Film/Photography applications requiring City services that are submitted less than the 10-business day requirement will be reviewed on a case-by-case basis.

INITIAL _____

2. A certificate of insurance (\$1 million) and an endorsement page naming the City of Ventura as an additional insured is required as part of the application process and must be received prior to your event. This amount may be increased based on additional risk factors associated with the film. Please check with your school's administration office for appropriate lead-time when requesting your Certificate of Insurance.

INITIAL _____

3. The one-day (\$190) and multi-day (\$300) film/photography permit fee will be waived for student projects provided the enclosed form letter or a letter on school letterhead is signed by the students course instructor stating the film/photography project is part of the students required course work. City services such as traffic control (*police*), event oversight (*film permit staff*), or fire inspections (generators/pyrotechnics) fees are not waived and are due and payable prior to the commencement of the film/photography event.

INITIAL _____

4. The Permittee (*student*) may be liable for either a one day or multi-day permit fee and will be billed accordingly if the Permittee (*student*) fails to:
 - a. Return the student waiver form letter or provide a letter on school letterhead stating the film/photography project is part of assigned coursework, or
 - b. Notify the Film Permit Office of the cancellation of filming. If said cancellation is less than 24-hours from date and time of the film event, Permittee is liable for all estimated fees as outlined in the film permit.

INITIAL _____

5. Permittee is subject to the City's noise regulations that prohibit excessive noise, especially in residential neighborhoods, before 7 am and after 8 pm and 10 pm for business localities. Use of a generator in a residential neighborhood after 10 pm is not permitted.

INITIAL _____

6. Filming on private property within Ventura requires written permission from the property/business owner. Information on ownership of private property can be obtained by visiting the City of Ventura Planning Division, Room 117, or by calling 805-654-7725. The City of Ventura does not issue permits for properties outside the city limits.

INITIAL _____

7. The Permittee (*student*) is required to notify all affected business and/or residents within a 200 ft radius of the filming location, at least 72 hours in advance, regarding the films nature. Filming after 10:00 pm requires business and/or resident notification within 300 ft radius. Notifications shall also include the Permittee's name, telephone number, date(s) and time(s) of filming.

INITIAL _____

8. Use of generators, explosives, flammable liquids, fire, or simulated firearms may require additional permit fees associated with City of Ventura safety services.
