

# Downtown Parking Permits

As a resident of the downtown you may be eligible to receive a parking permit. The City's Downtown Parking Permit Program provides all day parking for downtown residents. By displaying a valid parking permit on your car, you can park all day without the worry of getting a parking ticket or moving your car from space to space on your block near your home.

## **Who may receive a Downtown – “R” residential parking permit?**

Residents within the Downtown Parking District on those streets where a time limit or paid parking restriction is posted may receive a preferential residential parking permit based upon the number of available off-street parking spaces that the residence has available. Which will include the number of garages, parking spaces, driveway spaces, covered parking, etc. If your area currently does not have any parking restrictions but becomes impacted due to the shift in parking your area may qualify for restricted parking. This would mean that you may be eligible for a parking permit with the same conditions.

The general rule is that no more than one permit per residential unit will be issued, and the permittee is restricted to the same block & street, Parking structure or parking lot shown on the hang tag. In the case of Summerset Apartments residents may purchase a permit to park in the parking structure but are limited to the top floor only and no on-street parking. Permits are not valid for metered areas that are not within the same block and street that is assigned.

## **How do I get a Permit?**

Please complete a Residential and Visitor Parking Permit Application and either drop it off, fax it to 805-641-2775, email it to “[parking@cityofventura.net](mailto:parking@cityofventura.net)” or mail it to

City of Ventura  
Parking Management, Room 120  
Ventura CA, 93001.

Once the permit has been processed and completed we will contact you to have it picked up.

The required proof of residency information on the application shall include a valid Department of Motor Vehicle Driver's License and the vehicle registration information showing the address of the registered owner. The cost of the permit is \$20. Permits will need to be renewed every 2 years upon expiration.

Four limited time visitor parking permits may be issued for up to seven consecutive days four times per year.

For questions about the program please call (805) 654-7769.
